Contract WL-D-16

Addendum 1

Issued April 5, 2016

In compliance with Contract WL-D-16 Contract Documents Invitation to Bid Section 3.3 Addenda to ITB on Page 8 the following amendments, additions and clarifications included in this Addendum and all attachments to it issued by the Town of Stoneham are hereby made a part of the Contract. To the extent that there is any conflicting or inconsistency between this Addendum 1 and the text of the original Invitation to Bid (ITB) the language of this Addendum shall govern. In all other respects the content and requirements of the ITB remain unchanged. Capitalized terms in this Addendum 1 shall have the meanings set forth in the ITB. All reservations and conditions in the ITB shall apply fully to the information in Addendum 1. References to section, subsection, paragraph, subparagraph, or page numbers or names are to those in the ITB unless otherwise noted. The Town of Stoneham does not warrant the accuracy, currency, completeness, or correctness of any of the information in this Addendum 1.

Bidders should review the attached Addenda and acknowledge on all bid forms included.

There is no change to the bid date. All sealed bids shall be received at the Public Works Department, 16 Pine Street, Stoneham Massachusetts until 2:00 P.M., prevailing time, on April 14, 2016. Shortly thereafter, the bids will be publicly opened and read aloud at the Hearing Room, Town Hall, 35 Central Street, Stoneham, Massachusetts. Bids submitted after this time will not be accepted.

Appendix A:

Point of clarification:

In accordance with Section 3.1 General and in consideration that multiple engineering / technical service companies do not require employees to be OSHA 10 certified, the Town is waiving the requirement that all employees must have OSHA 10 certifications in order to be awarded a contract. Bidders are reminded they are still required to adhere to all OSHA safety requirements while conducting work in Stoneham.

Questions 1 submitted by Scott Weiner, American Leak Detection

Questions 2 – 3 submitted by Sarah Christman, Matchpoint Water Asset Management Inc

Q 01: Can you please supply a breakdown of the size and type of pipe included in the 80 miles of water main?

A 01: The Town has one (1) mile or less of unlined water pipe and consists predominately of ductile iron and cast iron material. The approximate breakdown of size is:

4" or 6"	4 Miles
8"	58 Miles
12" or 20"	18 Miles

Q 02: What is the material breakdown of the 80 miles of pipe?

A 02: See Response to Question 1

Q 03: Is a bid tab available for past bids of similar scope?

A 03: The Town does not have bid tabs for past bids for similar scope of work. All prior bids are filed paper copies for which bid tabulations were not generated. Bid tabulations will be generated following this Invitation to Bid.
